Sir, C M 132-53-3

Disposal of the old Beef Slaughter House at Jalapuri.

A building was constructed at a cost of Rs. 4000/- in the year 1926 at the Eastern most end of Jalapuri extension for use as a cow slaughter house in Mysore city. It was being used as such till the year 1948. After the promulgation of the prevention of cow slaughter Act, the slaughtering of cows was discontinued. As by this time the temporary sheep slaughter house that had been provided at Kesare pending completion of a permanent slaughter house in the same area was found to require heavy repairs, the building was made use of as a sheep slaughter house as a temporary measure. The construction of the permanent sheep slaughter house having been completed about the middle of hhe current year, the above sheep slaughter house located at Jalapuri was shifted to the permanent slaughter house.

The question of the disposal of the building was considered by the Health Committee and the Council at their meeting held on 30-10-53 After considering all the aspects of thecase, the council have resolved that the building might be disposed off by public auction. As the value of the building exceeds Rs. 2000/- at present I request that orders of Government may kindly be obtained to dispose off the building in public auction.

Yours faithfully,
(N.Lakshman Rau).
Municipal Commissioner.

Forwarded with compliments,
(M S Swaminathan)
President.
